## DETAILED ACTION

### *Election/Restrictions*

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1, 4-9, 13, 17, drawn to a transgenic oilseed plant cell containing a truncated beta carotene C-4-oxygenase gene from *H. pluvialis*.

Group II, claim(s) 2-3, 10-12, 14-16, 18-20 drawn to a transgenic oilseed plant cell containing a truncated beta carotene C-4-oxygenase gene from *H. pluvialis* and a polynucleotide encoding a 2<sup>nd</sup> enzyme having activity necessary for keto group containing xanthophylls production.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the special technical feature of an oilseed plant cell containing a beta carotene C-4-oxygenase gene from *H. pluvialis* was known in the art. Mann *et al.* WO 98/18910; 7 May, 1998, teach transformed tobacco comprising a beta carotene C-4-oxygenase gene from *H. pluvialis* (*crtO*) operably linked to the seed specific *pds* promoter, and polynucleotide encoding the transit peptide, from tomato on page 23, and thus there is no special technical feature linking groups I and II.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR
